About Me

I value learning and believe that we all grow by being curious, open-minded, and willing to try our best. As your teacher, I want to support you in becoming confident, respectful, and thoughtful learners. My goal is to help build a classroom where everyone feels included, valued, and encouraged to succeed. I believe education can help create a democratic, fair, and just society that is culturally diverse, cohesive, and prosperous.

My Favourite

Colour: green

Food: steak and chips

Animal: baby animals (puppies, kittens etc)

Subject: science

Hobby: Muay Thai
